THAI THREE-SOME

A Fashion Conversation between Three Distinct Thai Designers **BY ADUL WAENGMOL**

AVANT-GARDE ACCESSORIES, LUX-STREET WEAR AND SOPHISTICATED APPAREL IS UNVEILED IN THEIR LATEST SPRING/SUMMER 2015 COLLECTION AT SOFITEL SO BANGKOK.

Rose In The Dark by Tawn C.

SOPHISTICATED DESIGNER Tawn Chatchavalvong is the man who took his eponymous label to the top of the fashion industry with his Autumn/Winter 2011 collection for K and I that was featured at Bangkok International Couture Fashion Week 2011. Monocle magazine singled him out for his "Timeless Elegant" style.

His Spring/Summer 2015 Collection is all about love in the scorching season of summer. His brooding collection, "Roses in the Dark", oozes with mystery in satin, chiffon and lace, with dramatic accessories as the perfect foil. For more information, visit www.tawn-c.com •

TRIPPING MERMAID BY LALALOVE

THE LABEL SAYS IT ALL. LINDA CHAROENLAB, head and founder of LALALOVE, has focused her energy on a fantasy that comes alive with Tripping Mermaid. Regularly introducing advert concepts for shopping centers in Thailand, she thrives on setting new trends and getting people talking.

Her LALALOVE Spring/Summer 2015 Collection takes a dive into the mysterious ocean. Depictions of an underwater world and mermaids are brought to life by famed illustrator/actress/musician OH Hatairat, who, for the first time, has conjured up print and graphic designs for an entire funky clothing line. For more information, visit www.lalalovelondon.com •

RETRO-GRANDE BY NASHA MEKRAKSAVANICH

The designer and founder of this accessories brand won international acclaim within one year of its launch.

FOUNDED IN 2012 BY THIS SILPAKORN UNIVERSITY graduate, the brand features carefully picked materials, mostly imported from the best sources in the world.

Nasha Mekraksavanich's Spring/Summer 2015 Collection was inspired by the early days of the Japanese digital revolution – colorful anime, 60s spaceship shapes and 8-bit technology with touches of Art Deco influence. Called "Retro-Grande", the collection combines eclecticism and eccentricity with a dash of impish sensibility. For more information, visit www.nasha-accessories.com •
